

About Obalay

At Obalay (formerly Porousway), we believe trust is built on quality and reliability. Since our founding in 2003, we have dedicated over 22 years to delivering refined, lasting finishes for every project. With our extensive experience, we transform ordinary floors and walls into durable, low-maintenance surfaces designed to stand the test of time.

Grout-free surfaces, anti-slip properties, waterproofing, and rectification of water leakage and ponding—these are just some of the key benefits of our premium epoxy overlays. Our water-based microcement-effect epoxy flooring is also a popular choice, providing a refined and contemporary finish.

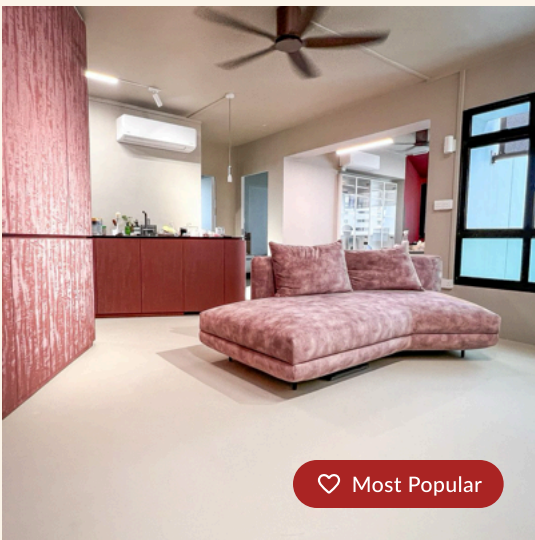

We stand by our work with a reliable warranty and a commitment to customer satisfaction. Visit our showroom to experience the Obalay difference and discover why homeowners and businesses trust us.
